

# THE LEEDS CONNECTION

PHOTOGRAPHS BY DENNIS CROMPTON

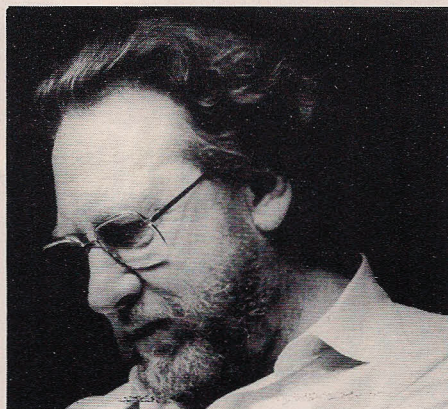

In March a hilarious train journey overflowing with magic lanternists took the Society to Leeds for a meeting organised by John Jones. A full programme included lectures by R. E. Lassam on early photography, Derek Ramsden on Bamforth postcards, Clive Garner on his cinema slide collection and John himself on the early photographer Godfrey Bingley. Precious items from the Jones collection created a backcloth for the usual lunchtime *Swop and Chat*.
