

MLS AWARDS 2025

Applications for the MLS Awards 2025 are now open!

The Magic Lantern Society Awards are an important part of the Society's work, encouraging new developments in the world of the magic lantern. We aim to highlight and support work presented in any form including research, archival work, performances, artwork, animation, film making or creative writing. The Dick Balzer Award recognises any projects completed in the past year, while the two Mervyn Heard Awards offer financial contributions towards work in progress or new projects of any kind. Full details can be found on our website at www.magiclantern.org.uk/awards/.

I hope many Society members will consider applying, but please also pass on these details to anyone else you know who might be interested. These Awards are open to all!
